63 DOCUMENTS THE GOVERNMENT DOESN'T WANT YOU TO READ

Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, 63 Documents The Government Doesn't Want You to Read, Jesse Ventura, The same officials who are panic-stricken about WikiLeaks' revelations - "leaks" of information that every citizen in a democracy should be able to access - are front and center in the documents that Jesse Ventura presents here. He proves that we've been duped into wars we shouldn't be fighting, lied to about intelligence, fed hogwash about terrorism, and tricked into losing more and more of our civil liberties. Today, pretty much everything the government does is presumed secret. Now Ventura breaks open the vault, revealing the truth to: The CIA's guide to assassination. Fake terrorist attacks planned by the U.S. The military's experiments on its soldiers. Homeland Security's "emergency" detention camps. Fewer and less stringent FDA inspections of our food supply. Is this really necessary for the conduct of foreign affairs of the internal operation of a democratic government? Of course not! Democracy in America has been undermined from within. It's been going on for a long time and it's getting worse. Not only that, but we're being forced to fund the deception. Tax dollars have paid for mind control experiments and staged attacks to draw us into war; for drug running and "extraordinary rendition" of detainees. This seems unbelievable but the actual documents prove otherwise.
