Remembering: A Novel

By WENDELL BERRY

Counterpoint May 2008, 2008. Paper Back. Book Condition: New. The book is aptly titled, calling deeply on memory, on longing for memory of a place close to the ground. Wendell Berry, renowned agrarian author and essayist, once again reminds the reader of kinship, of soil and dust and hard earned character. His language is poetic but far from romantic, one moment biting like Flannery O'Connor, the next poignant like Annie Dillard. The members of his cast are certainly human, but more, they are iconographic, they are a warning and a response to previous warnings 'Spare us, O Lord, the logical consequences of our folly.' Our protagonist, Andy Catlett, (formerly written of in Berry's well loved series surrounding Port William) and here found alone in San Francisco as an agricultural journalist invited to an academic conference, is often found 'remembering' on behalf of others. Berry does much the same for his readers, remembering where our own recollections have failed, recalling on our behalf the generations before us, and the people around us, who have their feet well embedded in soil and neighbor and unflinching quality. Remembering is 'not an argument about right and wrong ways of farming,' it is 'the history...

Reviews

Absolutely one of the best book I have ever study. It is actually writter in simple terms rather than confusing. I realized this pdf from my dad and i suggested this pdf to understand.

-- Garry Quigley

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
