Product Description: Explore the most decadent city in a world of decadence. 100,000 words by Robin D Laws describe 100,000 inhabitants in this innovative and highly play-tested source book. PCs are assumed to be knowledgeable veterans of the White-Walled City, not ignorant mooncalves. No longer will the GM be the sole arbiter of adventures; players are encouraged to choose from hundreds of plot hooks and contacts to create sublime gaming sessions. From the self-indulgent aristocrats of Odkin Prospect to Prince Khandive's pleasure barge, the whole city is mapped out using fine words, pictures and maps. The ideal supplement for long-term adventuring in the Dying Earth.
